

# ECO PRODUCTS

...being a green business

*The Range*® continues to be a 100% Low CO2 Supplier as certified by the Carbon Reduction Institute. As a low CO2 supplier *The Range*® has accounted for and offset 100% of its directly controllable emission sources. This includes emissions from electricity and gas usage, staff travel and waste.

To assist others in demonstrating their commitment to averting climate change *The Range*® is pleased to offer the following products. These products are Eco friendly either in their composition of material, power usage, resource saving or have been certified as Carbon Neutral.

The Carbon Neutral Logo indicates the products where *The Range*® has offset the carbon emissions created in the manufacturing and transport of the products with the purchase of Carbon Credits. This logo can be decorated on the indicated products.

\* Minimum order 250 pieces.

8001

\* Minimum order 250 pieces.

8002

\* Minimum order 250 pieces.

Bamboo is used in the manufacture of both these gifts. Bamboo is a natural, renewable, easily sustainable, environmentally friendly resource which is generally grown without the use of pesticides, herbicides and other synthetic chemicals. Bamboo grows very quickly, does not require large amounts of water and bamboo plants produce more oxygen than trees.

1402
